About Tramadol 100mg

Tramadol 100mg (generic name: **Tramadol Hydrochloride**) is a widely used **opioid analgesic** prescribed for moderate to severe pain. It works by altering how your body senses and responds to pain signals, offering long-lasting relief for chronic conditions, post-surgical discomfort, or injury-related pain. Because of its balanced formulation, Tramadol 100mg helps you manage pain while maintaining alertness and focus throughout the day.
